Certificate of RoHS 3 Compliance

This is to certify that all products and components listed below are RoHS 3 compliant, meet the requirements of the RoHS-3 DIRECTIVE 2015/863/EU directive, and do not contain the substances listed in the table below in concentrations exceeding the Maximum Concentration Value (MCV).

Lead (Pb)
Mercury (Hg)
Cadmium (Cd)
Hexavalent Chromium
Polybrominated Biphenyls (PBB)
Polybrominated Diphenyl Ethers (PBDE)
Bis(2-Ethylhexyl) phthalate (DEHP)
Benzyl butyl phthalate (BBP)
Dibutyl phthalate (DBP)
Di-isobutyl phthalate (DIBP)

AE Techron is committed to eliminating the use of hazardous substances in the materials, components, manufacturing and packaging of our amplifiers and other test and measurement products in strict accordance with the RoHS 3 directive. Based on the information provided by our suppliers, and to the best of our knowledge, the listed products are RoHS 3 compliant and conform to the European Union Restrictions of the use of Hazardous Substances.

AE Techron product/Model:

7224 230V Amplifier	7226 230V Amplifier	7228 230V Amplifier
7224 120V Amplifier	7226 120V Amplifier	7228 120V Amplifier

AE Techron, Inc. maintains a review of parts and components to help assure that all of its products listed above do not contain, or contain within acceptable limits, any material outlined in the RoHS 3 directive. If an individual component of the amplifier and other test and measurement products is found to be in non-conformance, a suitable engineering equivalent is identified and incorporated into our products.
